

Danish Comfort
INTERIOR DESIGN

Products

2019

Danish Comfort is founded and owned by Anja Pedersen. A co-operation with Danish Comfort is based on creating a relationship of trust with our customer in focus. The foundation of our company is quality and credibility.

It gives me great pleasure and satisfaction to help my customers find the best solution and create joint results. A positive contact with our customers creates confidence and opens for a close dialogue and a co-operation where we together can develop options and solve specific assignments.

With creative and competent persons, we develop our own designs with our own crafts people and producers from Denmark. With our customers we can realize special assignments, e.g. establish and arrange rooms, offices, schools and hotels or we can help design new products.

We deliver B2B solutions for our customers.

Danish Comfort also imports products, furniture and applied arts that live up to our high standards of quality, functionality, design and price.

Danish-Comfort is presenting Sander as our new brand. It is a brand that we are proud of and which should present the nordic style.

With this brand we have focused on design and functionality. This makes our products suitable for both the private home and for commercial use. We have great experience with our furniture in restaurants, hotels and more.

Tic Tac Toe invites you to play, bring joy and smile. Beautiful and decorative to the wall and easy to maintain.

A game that never needs to be unpacked. Who will take the dishes or something else – Take a quick game and see who wins.

The game is suitable for institutions, schools, hotel, business, corporate gifts, clinics and home.

Mount the magnets on the wall and then put the pieces on and you're ready to play Tic Tac Toe. The material is made of Perspex, which is FKM approved.

The game is Matt Black and easy to clean with plain water.

Elegant Danish design, can be used in many different situations. The material has been thoroughly tested, it is non-toxic and produced in a 100 percent environmentally friendly process.

The product can withstand up to +120 degrees and down to -40 degrees, which makes it suitable for dishwasher and standing outside during winter time.

PLAY - LEARN - DEVELOPMENT

The best way to learn is through active participation, when you are playing, moving around having a good time - and being challenged to use your imagination.

That kind of interaction helps us to learn about ourselves, others and develop skills and social abilities.

With Monsius products you get a unique creative platform for physical activities, music and dance.

Our company is based on quality, creativity and credibility and all products are made in Denmark.

Our carpets are made from polyesterfibres on natural rubber. The carpets can be cleaned easily with water and detergent

Pillows

Danish crafts and design

All pillows are produced directly on the weaving of Danish labour.

We follow the time and can quickly customize our production according to customers' wishes and needs.

The pillows are available without one or two buttons. Right after the customer wishes.
